DISCOVER NORTHERN ONTARIO

The City of Greater Sudbury

Located approximately 400 km from Toronto and with a population of nearly 160,000, Greater Sudbury provides easy access to Ontario's major urban centres. As a medium-sized, safe city in its own right, Sudbury is the regional capital and provides services to all of north-eastern Ontario, offering all the advantages of big city life.

Outstanding cultural diversity

Sudbury has an enviable reputation as a city with broad cultural diversity, having been strengthened by various waves of immigration since its foundation in 1883. Sudbury continues to welcome new arrivals who enrich its cultural diversity, which also counts sizeable indigenous and francophone communities in its population.

A vigorous francophone culture

Sudbury takes pride in having the highest level of bilingualism in Ontario: Nearly 30% of its citizens speak both French and English. The strong French-language community here has led to the creation of numerous francophone and bilingual institutions and organizations that promote and sustain the French language and francophone cultures.

Winter or summer, enjoy life in Sudbury

While the Northern Ontario seasons bring considerable changes in temperature with them, Greater Sudbury offers its residents a wide range of year-round fun-filled activities that include the following:

- Competitive and friendly hockey, soccer, American football, basketball, volleyball and other team sports
- Outdoor activities at many locations that offer hiking, cycling, mountain biking and cross-country ski trails and downhill skiing, plus more than 300 lakes that are ideal for swimming, kayaking and canoeing
- Cultural centres that offer plays, music concerts, art exhibitions, festivals of all sorts, etc.

A PLACE TO THRIVE

Sudbury offers numerous opportunities for personal growth, including many museums, the world-class Science North education centre and various other resources. Registration for a variety of French and English as a second language courses is also available.

Sudbury is home to three post-secondary educational institutions (one university and two colleges), making it possible to pursue a post-secondary education without needing to move to a different city once secondary school is over.

Laurentian University

Founded in 1960, Laurentian University is a bilingual (English/French) educational institution that offers nearly 175 undergraduate and graduate programs. The six faculties of the university provide students with ultramodern facilities in areas such as environmental studies, engineering, sciences and humanities. www.laurentienne.ca

Collège Boréal

Collège Boréal is a French-language technology institute of higher learning that serves a diversified francophone client base. Its mandate is to graduate a highly-qualified French-English workforce that is committed to the community and contributes to Canada's economic, social and cultural vitality. www.collegeboreal.ca

Cambrian College:

Cambrian is the largest college in Northern Ontario and offers world-class education with Canadian hospitality. Cambrian College is home to a vibrant community of more than 9000 students, including more than 1000 international students in more than 75 career-focused English based programs. www.cambriancollege.ca

Why choose a CSCNO school?

The CSCNO (Conseil scolaire catholique du Nouvel-Ontario) offers a French language Catholic education whose excellence is widely recognized. Attending one of our schools has many advantages, including the following:

- A graduation rate that is among the highest in Ontario—92%
- An environment that fosters mastery of both French and English
- Special programs such as Specialist High Skills Majors, Cooperative education, etc.
- Technology integrated into teaching to support learning
- Recognized arts programming
- Competitive sports teams
- A variety of pastoral and cultural activities
- Student involvement in the community through volunteerism
- A friendly, appealing, innovative, wholesome and safe environment

Knowing French opens doors

Conseil scolaire catholique du Nouvel-Ontario schools attach great importance to the French language and, as such, courses are taught entirely in French. Students

also enjoy the many activities offered in French both within and outside school, which encourage them to develop francophone pride. CSCNO students and staff are also fluent in English and will be able to help you learn and master both languages.

Passionate teachers

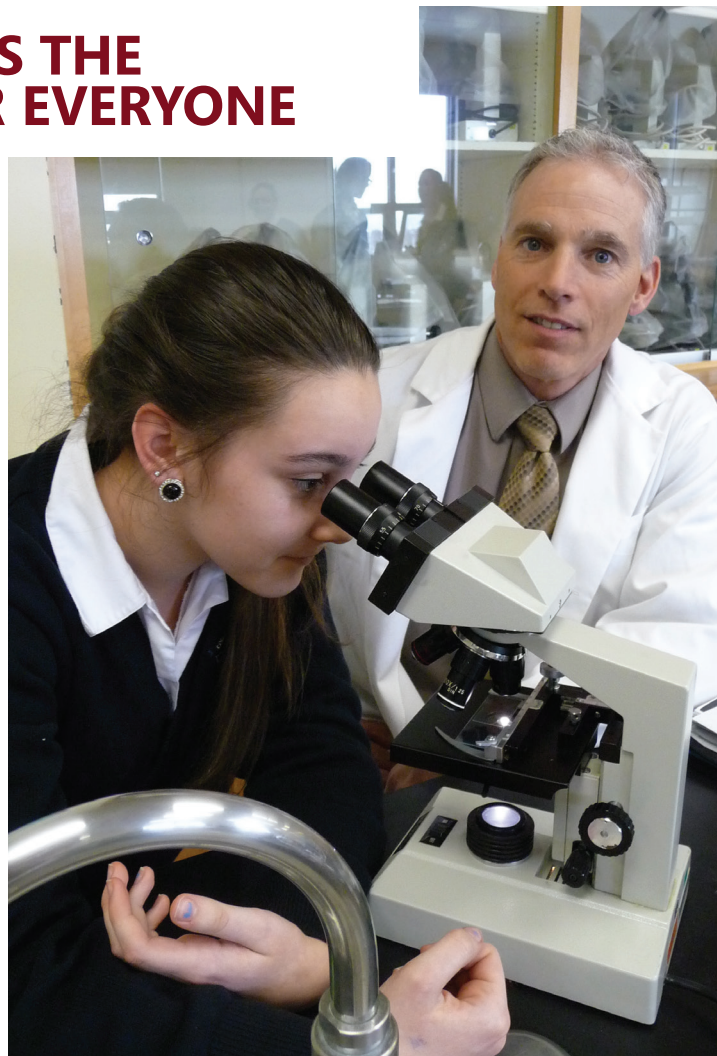

CSCNO teachers are passionate about education and are devoted to their students. Their own educational pathway is a rigorous one, and they are members of the Ontario College of Teachers. Our teaching staff also benefits from regular professional development opportunities to ensure that they are able to provide their students with a high quality and relevant education.

Services that ensure success

Everything the CSCNO does is centred on the success of its students, who have a variety of services at their disposal to help attain this goal:

- Well-being services that support students experiencing difficulties
- Student-to-student mentoring services
- Digital age resource centres
- SOS homework (offered at no charge to students)

THE CSCNO IS THE RIGHT CHOICE FOR EVERYONE

BEYOND THE CLASSROOM

CSCNO schools want every student to take full advantage of the academic experience. In addition to the coursework they need to earn their credits, students are encouraged to take part in special programs and extracurricular activities.

CO-OP

The cooperative education program (CO-OP) enables students to gain practical experience in an area of interest to them even as they earn secondary school credits. Cooperative education also helps build a network of professional contacts and access resources that are unavailable at the school. Please note: **the CO-OP option is only available for students in grades 11 and 12.**

SPECIALIST HIGH SKILLS MAJORS

Specialist High Skills Majors let you focus your studies on a specific sector of economic activity and learn about a career in that area. **The Specialist High Skills Major option is only available to students who choose "Academic Adventure" and finish grades 11 and 12 at a CSCNO school.** However, even students who do not

finish their Specialist High Skills Major can take advantage of some of its features that are available in their school. Among the benefits of a Specialist High Skills Major are the following:

- Tailor your secondary school education to your interests, talents and professional ambitions
- Earn credits that are recognized by post secondary educational institutions and by the employment sector
- Receive certifications that are recognized by the employment sector through career-oriented training
- Develop essential skills and work habits that are documented in the Ontario Skills Passport

Specialist High Skills Major choices vary by school. Please read the school descriptions to learn which Majors are available at each one.

EXTRACURRICULAR ACTIVITIES

CSCNO schools offer numerous opportunities for artistic, sports and social development.

SPORTS TEAMS (availability varies by school)			
Basketball	Volleyball	Ice hockey	Baseball
Curling	Badminton	Long-distance running	Wrestling
Softball	Gymnastics	Soccer (world football)	Tennis
Swimming	Golf	Bowling	Downhill skiing
American/flag football	Athletics	Cross-country skiing	

CLUBS (availability varies by school)			
Pastoral	Chess	Improv	Environment
Student parliament	Band	Student radio	Athletics
Yearbook	Diversity committee	Drama Club	

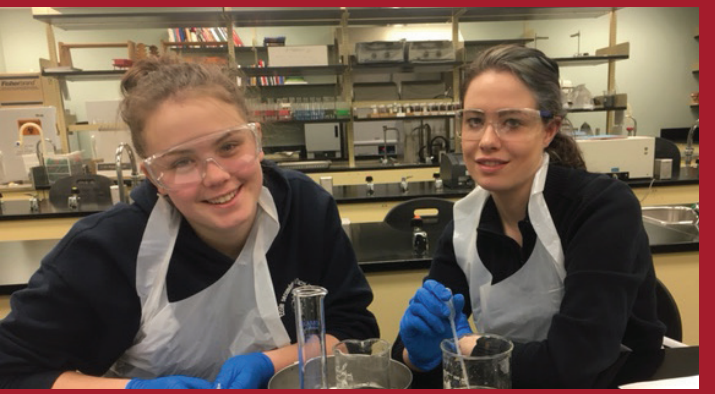

DYNAMIC AND PERFORMING SECONDARY SCHOOLS

École secondaire catholique Champlain

École secondaire catholique Champlain is located in the community of **Chelmsford**, whose 15,000 residents live approximately 20 km from Sudbury. School enrolment is 225, and teaching staff numbers 25. This school stands out in its integration of digital age tools at all levels of learning and its STEAM (Science, Technology, Engineering, Arts and Mathematics) approach that ensures student commitment, growth and excellence as they develop world-class skills. Higher grade students also have access to Specialist High Skills Majors in mining or in health and welfare, which include professional certifications, co-op workplace internships and other experience-based learning opportunities.

Collège Notre-Dame

Located in downtown **Sudbury**, Collège Notre-Dame (CND) is the largest CSCNO secondary school, with an enrolment of 600 students and a teaching staff of 50. Collège Notre-Dame uses a trimester academic schedule, which means that its students take the same courses from September to June. That is an advantage for international students, since it makes it easier for them to adapt to their school before needing to think about exams. CND provides opportunities for science and math enrichment, as well as a widely acknowledged arts program. Collège Notre-Dame students may enrol in Specialist High Skills Majors in business or sports.

École secondaire catholique l'Horizon

Located in the community of **Val Caron**, École secondaire catholique l'Horizon is welcoming, friendly and safe. The school's dynamic teaching staff of 35 is committed to the success of each and every one of its 450 students. Horizon offers a wide variety of course choices and leadership training opportunities that include Specialist High Skills Majors in health and welfare or mining as well as courses in building and transportation technology, hairstyling and beauty. The school also has a proven sports achievement record, both regionally and provincially, as well as a recognized music program.

École secondaire du Sacré-Cœur

École secondaire du Sacré-Cœur is also located in the centre of **Sudbury**. It has an enrolment of 225 students and a teaching staff of 30. While students have access to a varied choice of courses and a technology and carpentry workshop, they can also sign up for a Specialist High Skills Major in health and welfare or in justice, community security and emergency services. This school is committed to promoting indigenous culture and encourages its students to learn about the various cultures of the people of Canada's First Nations.

A LEARNING EXPERIENCE THAT MEETS YOUR NEEDS

**Students who pursue an education at a CSCNO school
can choose among the following streams:**

Academic Adventure

Academic Adventure is the ideal choice for students with good spoken and written French skills and who want to take the same courses as Ontario francophone students. This stream can eventually lead to an Ontario Secondary School Diploma (OSSD) and to admission to a post-secondary college or university program in Canada.

Canadian Adventure

Students in the Canadian Adventure stream become more familiar with the French language as they experience Canadian life. Individual academic schedules are personalized on the basis of their interests and skills. It includes fewer academic courses in French than what Ontario Francophone students take in order to help improve French language skills as academic success is achieved. This program can also serve as preparation for the Academic Adventure stream, which requires a higher level of French skills.

Summer Adventure

Summer Adventure takes place in the setting of 2- or 4-week cultural and language summer camp for teenagers between the ages of 13 and 17. It is the ideal choice for students who want to discover Canada while practising their French and English language skills. Summer Adventure is an excellent way to discover the most interesting tourism sites in Greater Sudbury and Northern Ontario in a friendly atmosphere. It also opens the way for students who would like to experience longer stays in the area.

Personalized Adventure

Please contact us for information on how we can create a personalized adventure for you that meets your needs.

CANADA

YOUR ADVENTURE STARTS HERE!

SUDBURY

TORONTO

We look forward to welcoming you to your adventure and encourage you to explore our dedicated **www.international.nouvelon.ca** website, where you will find everything you need to begin your admission application in the *"Admission"* tab: forms, prerequisites and tuition fees.

The website also provides information about important dates, lodging (the Homestay Canada network), program choices and the Ontario Curriculum, etc.

We are always available to answer your questions, so please feel free to contact us!
